

WE ARE PURIZE® FILTERS.

HIGH QUALITY PRODUCTS -
MADE IN GROSSRAESCHEN,
BRANDENBURG - GERMANY

THIS IS WHO WE ARE

PURIZE® Filters is a fast growing & authentic German start-up-company, established in 2016. The base of our doing is entrepreneurship, fast acting and innovative products.

THIS IS WHAT WE DO

PURIZE® Filters pursues the vision to show pleasure-oriented smokers - with the help of a PURIZE® activated carbon filter and other products - a significantly pollutant-reduced & more pleasant smoking experience.

STAY GREEN!

OUR HISTORY

2016 - PURIZE® Filters was founded

This was the start of an unique growing German marketing

2017 - Release of the XTRA Slim Size

World's smallest Activated Carbon Filter - ø 5,9 mm with Machine no. 1

2018 - International patents on filter production methods

also PURIZE® invested in more filter-production-machines

2019 - A new Warehouse, working container + storage container

More space for a growing company

2020 - packaging-decision: PURIZE® invested in sustainable 100 pcs. Jars

Start of "research & development" in the section of natural based plastics

2021 - "PURIZE® Manufacturing and Distribution GmbH" was founded

Improving our customer-support with a new online distribution-system

2022 - PURIZE® started to build a brand new production and office building

Construction on the 8.000 sqm business-ground in Grossraeschen

2022 - "Doobiewood" joined the PURIZE® Family

Innovative & game-changing product-patents were founded.
With more than 50 employees PURIZE® is ready for international markets.

FUTURE VISION

Supplying international customers with Activated Carbon Filters as the **MARKET-LEADER** in filter-business - that's the vision of both CEO's - Adrian Klett & Roberto Hunger.

PURIZE® owns a variety of worldwide (machine) patents. Which makes it a leading filters specialized company that aims to always be one step ahead of other competitors.

OUR VALUES

LOVE & PASSION ♥

SUSTAINABILITY

Organic & degradable materials are essential for a cleaner tomorrow

ENGINEERING

Our goods are 100% made & assembled in Germany to meet the highest standards

GREEN COMMUNITY

As longterm members of the cannabis community we truly understand our customers

INNOVATION

We always strive for creative and smart solutions for modern needs

WHAT IS THE PHILOSOPHY BEHIND?

The business was developed by cannabis passionate family-/friends - to provide customers worldwide an innovative cannabis smoking experience using "Activate Carbon Filter" technology.

The philosophy comes together with many innovative and cannabis related high-quality products.

The base of our doing is entrepreneurship, fast acting and innovative products.
